***Last update 12/03/2007; 11:45 am***

***The Auction was last night. Talk about a success! We were a full house, and most items were sold, but there are a few items left.***

***I will provide an update after all accounting is completed to let you know exactly how we did.***

***Kathy thanks all of you from the bottom of her heart. Your kindness and generosity are outstanding. Thank you from the entire Oman-Perlman family.***

***I will be updating this catalog with the items that are left. Bidding can still occur, and I'll figure out how to do that. But what the heck, it's the holidays, and there might be some great nuggets left just for you!***

***If you want to look at the larger Auction Catalog, I've renamed the file, so the link is here:***
